DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1, 58-73 are drawn to an apparatus comprising a hermetically sealed container containing a dried enzyme composition.

Group II, claim(s) 74-82 are drawn to methods of monitoring the thermal impact of thermal processing on an object.

2. The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: The claims groups each claim the common technical details comprising, less than 0.6% moisture by weight of the composition comprising an enzyme; solid, dehydrated enzyme; filler; a hermetically sealed container; and heating the sample within a temperature range of 80 to 160°C. By comparison, the prior art of Seelich (USPAT#4816251) teaches each detail (column 6, Experiment 3) as listed below:

- a. *water content of 0.005 (0.5%) by weight* of a composition comprising Factor XIII;
- b. Factor XII, an *enzyme* classified in EC 2.3.2.13;
- c. fibrinogen, an organic *filler*;
- d. a *hermetically sealed container* (column 6, lines 25-26; column 4, lines 46-48); and,
- e. heating to between 60 and 120°C.

In light of the prior art the present claim groups lack unity of invention.

Art Unit: 1609

3. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
